## A WORD FROM THE MAYOR

Fellow residents,

Our municipality takes enormous pride in offering a great place to live with one of the lowest municipal tax burdens in the region. Since the beginning of the pandemic, the municipality cancelled the late tax payment interest rate and froze municipal taxes in 2020-2021 to aid residents who lost revenue because of COVID.

There is an increase in municipal tax rates for 2022 because of several new issues related to the Quebec and Canadian economies. The garbage tax is increased by \$ 1.15 per week and the general tax rate is increased 4 cents per \$ 100 of municipal evaluation. The cost of living has risen 5.1% which has an impact on everything the municipality does but even more so on 3 main items. Fuel prices for heavy machinery and trucks have exploded recently which obviously increases costs for road and public works maintenance.

The two major private contracts of the municipal budget are snow removal and garbage/recycling collection. The snow removal contract in 2021 was \$ 5,700 /km. In 2022, the best price offered was \$8,790 /km : an increase of 54 %. The garbage and recycling transport contract has also increased from \$3,040 /week to \$ 5,200 /week – which is an increase of 71 %. This increased salaries for truck and heavy machinery operators is happening all over Quebec as there is currently a lack of manpower and these professionals have more and more options in both the public service sector and the private market.

With these different issues at hand, the municipality still managed to limit the increase. For a \$ 300,000 property, the increase is \$ 176 (approx), which represents \$ 43 /trimester.

I would like to thank the municipal staff and council for their hard work during difficult times and encourage them to continue making grant applications when possible to keep costs as low as possible.

As always, I can still be reached on my cell phone at **514 941-2224**.

Your mayor  
**Scott Pearce**

### OPENING OF THE TOWNHALL AND COMMUNITY CENTER

The townhall and the community center are now open to the public. The community center has undergone some renovations and will reopen as soon as the new flooring is done. All activities will be on again soon !

## MUNICIPAL TAXES

Gore taxpayers have 30 days from the date the statement is issued to pay their taxes. They can also pay their tax account in four installments without interest when the total of the account is at least \$300, provided that the payments are made on the due dates indicated on the tax bill.

**This year, the payment dates are as follows:**

1<sup>st</sup> installment: March 25, 2022

2<sup>nd</sup> installment: May 2, 2022

3<sup>rd</sup> installment: July 4, 2022

4<sup>th</sup> installment: October 3, 2022

Payment of taxes in four installments without interest is a privilege. Late payment of one of the installments unfortunately results in depriving you of this privilege.

The tax bills were mailed out on February 24, 2022. If you haven't received anything within 10 days, contact City Hall to make sure we have the correct address on file. It is your responsibility to verify the address in your account.

A resident of Gore since 2001, Jean-François Hamilton follows in the footsteps of this enigmatic woman who, though born in Shefford in 1897 and a resident of Saint-Lambert, adopted Gore as her true home and central literary inspiration, going as far as to be buried here in 1975.*

# THREE-YEAR CAPITAL EXPENDITURE PROGRAM (CEP)

The adoption of a CEP for the three subsequent fiscal years is a legal obligation that municipalities must respect according to the Municipal Code of Quebec. The objective of a three-year CEP is to draw up a portrait of the main projects to be carried out and to plan them over time. Projects arising from the CEP must respect taxpayers' ability to pay and meet their needs.

AN INCLUSIVE PROJECT FOR WHICH YOUR  
OPINION COUNTS!**

A survey to get your opinion on the general store project in Gore was posted on Facebook and sent out by email in February. To date, more than 50% of households in the municipality have responded.

Your opinion as citizens of Gore is particularly important at this critical stage of the project start-up phase. The members of the Socioeconomic Development Corporation, the group of volunteer citizens who oversee the general store project, would like to thank those who have already participated in the survey. If you have not yet participated, there is still time to do so by contacting us by email: [ccds Gore@gmail.com](mailto:ccds Gore@gmail.com).

The next steps are as follows: analysis of the responses to the survey and study of the viability and sustainability of the project. We'll keep you posted on what's next! Moreover, since the Gore Community Center is now open and accessible to the public, we will soon be able to plan an information meeting to explain the main lines of the project and the timelines for its completion.

Your involvement in the general store project is essential! Stay tuned for news of the project by subscribing to the Facebook page "Corporation citoyenne de développement socioéconomique de Gore".
